PRAVESH UTSAV 2026

Welcoming New Beginnings with Joy, Hope & Promise

6 April 2026 | SDMT Prabhavati Public School

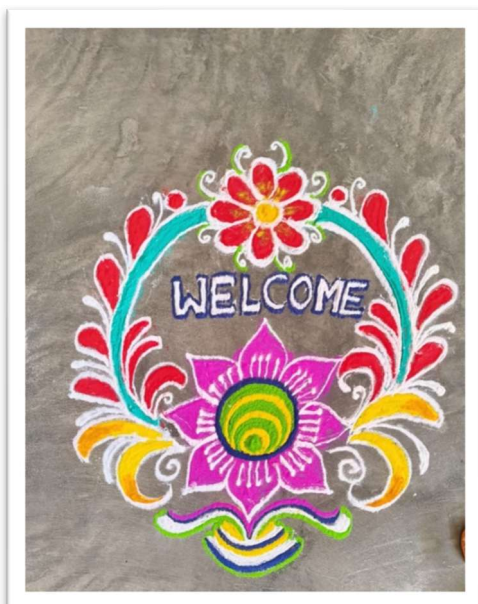

A new academic session is not merely the turning of a page—it is the beginning of a new chapter filled with dreams, opportunities and possibilities. At **SDMT Prabhavati Public School**, the new session **2026–27** commenced with the vibrant celebration of **Pravesh Utsav** on **6 April 2026**, warmly welcoming students into a new year of learning and growth.

The campus came alive with excitement and enthusiasm as students stepped into the new academic session with renewed energy. The occasion was especially meaningful for the young learners who entered a new phase of their school journey, accompanied by the encouragement and blessings of their teachers and elders.

The celebration reflected the school's commitment to making

education a joyful and enriching experience. Through a blend of traditional values and a progressive learning environment, the event created an atmosphere of positivity and belonging among students, teachers and parents.

The programme highlighted the importance of **education, discipline, curiosity, values and holistic development**. Teachers extended a warm welcome to the students and encouraged them to approach the coming year with confidence, dedication and an eagerness to explore new ideas.

For the little ones, Pravesh Utsav marked more than just the first day of school—it was an introduction to a world of friendships, discovery and imagination. Smiles, cheerful faces and the excitement of meeting classmates and teachers made the campus especially vibrant.

The celebration also reinforced the school's vision of nurturing responsible, compassionate and confident individuals. Students were encouraged to make the most of every opportunity, learn from every

experience and contribute positively to the school community.

As the new academic year unfolds, **Pravesh Utsav 2026** stands as a memorable beginning—a celebration of new journeys, new friendships and new aspirations.

A New Session. A New Journey. A World of Possibilities.

SDMT Prabhavati Public School wishes all its students a successful, joyful and enriching academic session **2026–27**.

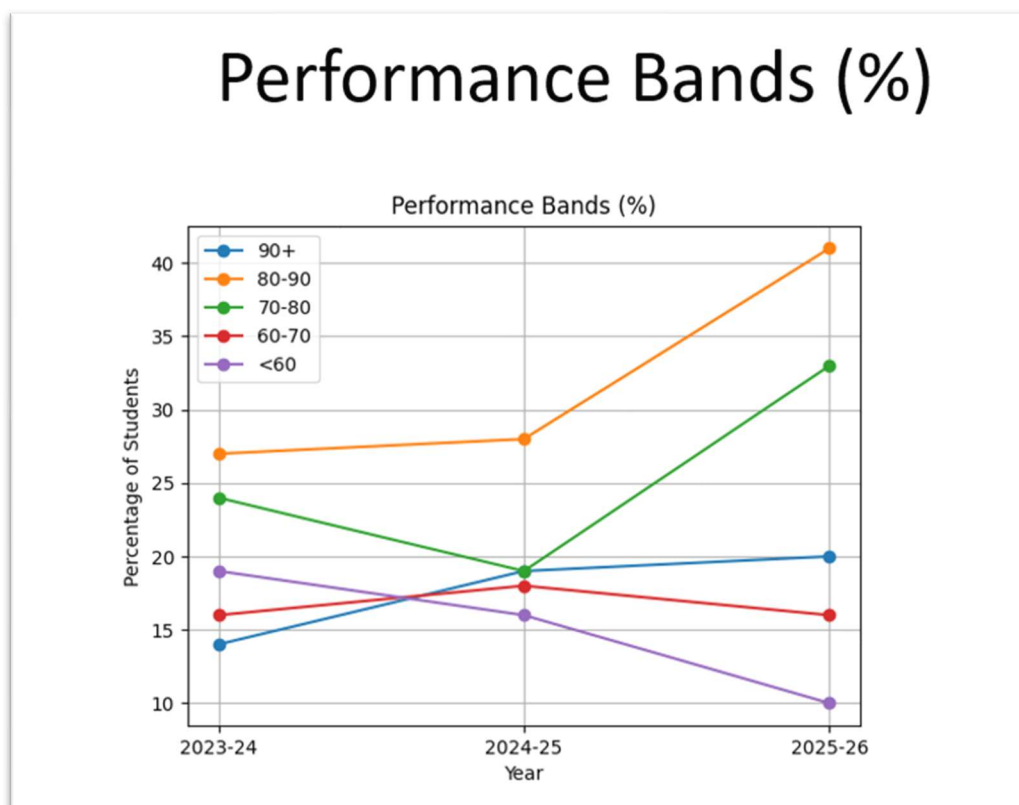

“Every new beginning carries the promise of something beautiful.”

A PROUD MILESTONE: OUR FIRST BOARD RESULT

Celebrating Achievement, Growth & Academic Excellence

16 April 2026 | SDMT Prabhavati Public School

16 April 2026 marked a significant milestone in the journey of **SDMT Prabhavati Public School** as the school celebrated the publication of its **first Board Examination Result**. It was a moment of immense pride for the entire school community, reflecting the collective efforts of our students, teachers, parents and school leadership.

The result was not merely a reflection of marks—it represented months of dedication, perseverance, guidance and consistent academic effort. The achievement marked an important chapter in the school's academic journey and provided an encouraging foundation for the years ahead.

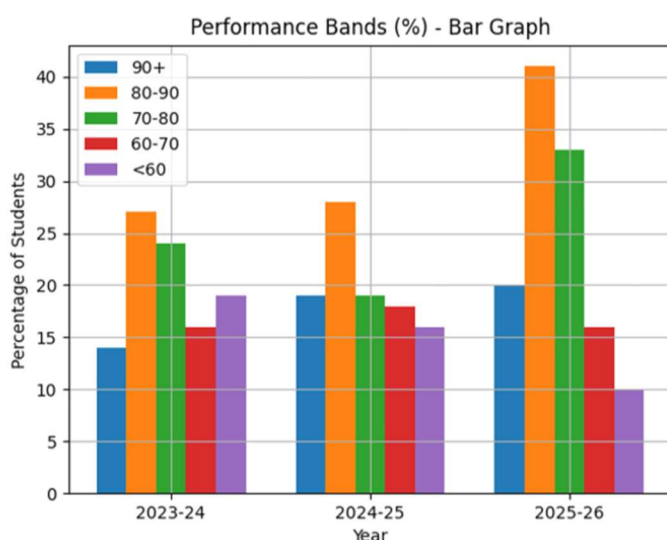

The **Result Analysis (2023–26)** highlights a strong upward trend in overall student performance, with

2025–26 emerging as the highest-performing year. The analysis also records improvement across all performance bands, demonstrating a positive progression in students' academic achievement.

One of the most encouraging aspects of the result was the growth in the higher-performance categories. The proportion of students securing **90% and above increased to approximately 20%**, while the **80–90% category emerged as the strongest performance segment**. At the same time, the proportion of students scoring below 60% witnessed a significant reduction, reaching approximately **10%**.

These figures reflect not only academic progress but also the effectiveness of sustained classroom teaching, individual attention, regular assessment and the commitment of students towards their studies. The result analysis, including performance-band and subject-wise comparisons, provides valuable insight into the school's academic progress.

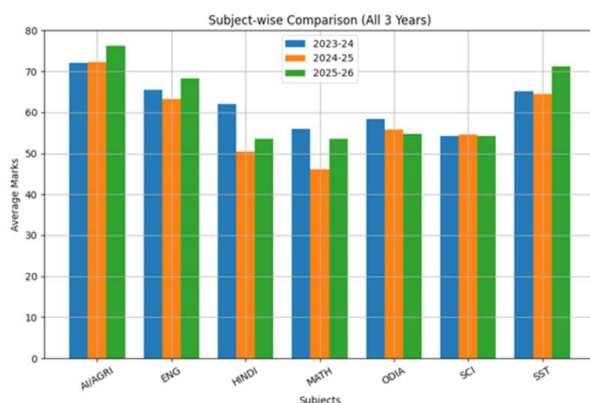

Performance Bands (%) - Bar Graph

Behind every successful result lies a team effort. The achievement is a testament to the dedication of our teachers who continuously guided and motivated students, the support of parents who stood beside their children throughout the academic journey, and, most importantly, the determination and hard work of our students.

The first Board Result is therefore more than a numerical achievement—it is a **foundation for greater aspirations**. It inspires the school community to continue striving for academic excellence while nurturing confidence, curiosity, discipline and holistic development among learners.

All Subjects Comparison

As SDMT Prabhavati Public School moves forward, this milestone will remain a memorable chapter in its journey. The achievement strengthens our resolve to provide meaningful learning opportunities and to create an environment where every student is encouraged to discover their potential and strive for excellence.

A Result to Celebrate. A Journey to Remember. A Future to Build.

Congratulations to all our students,

teachers and parents on this proud achievement!

EMPOWERING EDUCATORS THROUGH CBP/PRP TRAINING

Understanding Adolescence, Supporting Growth

24–25 April 2026 | SDMT Prabhavati Public School

SDMT Prabhavati Public School had the privilege of hosting a **CBP/PRP Training Programme on “Adolescence”**, organised by the **Centre of Excellence (COE), Bhubaneswar**, on **24 and 25 April 2026**.

The two-day professional development programme brought educators together for meaningful learning, reflection and exchange of ideas centred around the adolescent years. The training provided an enriching platform for teachers to deepen their understanding of the various dimensions of adolescence and the changing needs of young learners.

The programme reflected the importance of

continuous professional development in education. As students navigate a crucial stage of physical, emotional, social and intellectual development, educators play an important role in creating a supportive, understanding and positive learning environment.

Through interactive sessions and professional engagement, participating teachers had opportunities to reflect on classroom practices and explore ways of responding more effectively to the needs of adolescents. The training also encouraged educators to approach this

important phase of students' lives with greater awareness, sensitivity and empathy.

Hosting the programme was a matter of pride for **SDMT Prabhavati Public School** and demonstrated the institution's commitment to contributing to the continuous professional growth of educators and strengthening quality education.

The successful two-day programme concluded with renewed enthusiasm among the participating educators to bring their learning into their classrooms and further support students in their academic and personal growth.

Learning Together. Growing Together. Empowering the Future.

SDMT Prabhavati Public School remains committed to continuous learning and professional excellence in

education.

INTERNATIONAL DAY OF YOGA

Celebrating Balance, Wellness & Inner Harmony

21 June 2026 | SDMT Prabhavati Public School

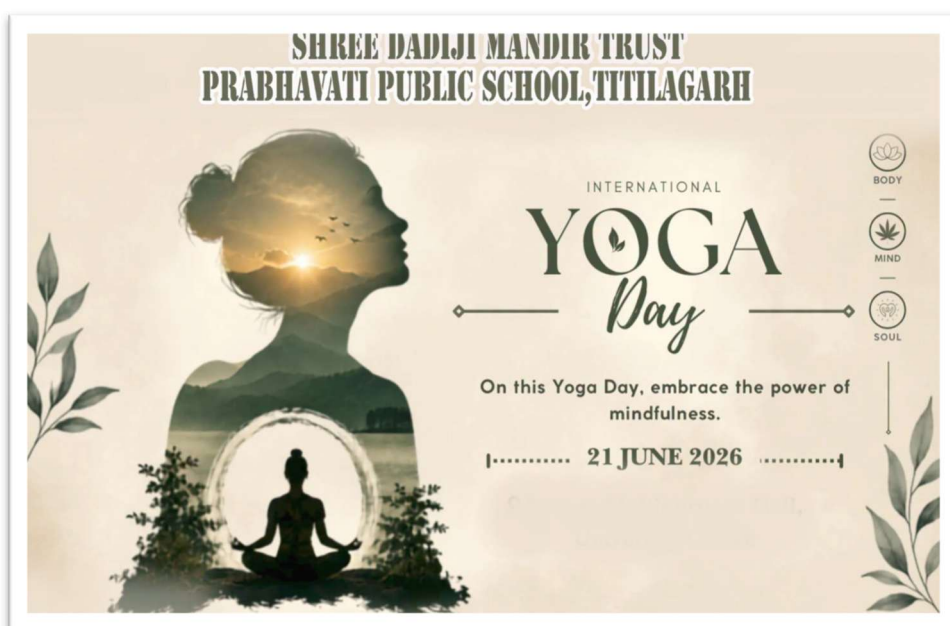

A Morning of Mindfulness

The spirit of wellness came alive at **SDMT Prabhavati Public School** as the school community came together to celebrate **International Day of Yoga**. The occasion was an opportunity to pause, breathe and reconnect with the importance of a healthy and balanced life.

Yoga, with its timeless message of harmony between the **mind, body and spirit**, was placed at the heart of the celebration.

MORE THAN JUST ASANAS

The celebration went beyond physical exercises. Through yoga practices, students were encouraged to appreciate the importance of **discipline, concentration, mindfulness and self-awareness** in their everyday lives.

The calm and focused atmosphere created during the session reflected the essence of yoga—finding balance within oneself while developing a positive approach towards life.

STUDENTS IN ACTION

Students participated enthusiastically in the yoga activities, practising various **asanas, breathing exercises and relaxation techniques** under guidance.

Their sincere participation demonstrated that healthy habits, when introduced at an early age, can become an integral part of a student's lifestyle.

“A healthy body nurtures a focused mind, and a peaceful mind creates a happier life.”

THE SCHOOL'S MESSAGE

The celebration reinforced the school's commitment to **holistic education**. At SDMT Prabhavati Public School, learning is viewed not only through academic achievement but also through the development of healthy habits, emotional well-being, discipline and positive values.

The International Day of Yoga served as a gentle reminder that taking care of oneself is an essential part of growing into a confident and responsible individual.

A MOMENT TO REFLECT

As the session came to an end, the message of yoga remained with the students: **slow down, breathe deeply, stay focused and maintain balance.**

The celebration was not simply an observance of a special day—it was an invitation to make **wellness a way of life.**

BREATHE. BALANCE. BELIEVE.

Celebrating wellness, one mindful moment at a time.

OUR TEACHERS AS RESOURCE PERSONS

Sharing Knowledge. Inspiring Educators. Strengthening Education.

Extending Our Learning Beyond the Campus

Education becomes more meaningful when knowledge is shared. During the academic session **2026–27**, teachers from **SDMT Prabhavati Public School** had the opportunity to step beyond their own classrooms and serve as **Resource Persons (RPs)** at training programmes organised for educators at other schools.

Their participation as Resource Persons was a proud reflection of their **professional expertise, classroom experience and commitment to continuous learning**.

FROM EDUCATORS TO MENTORS

As Resource Persons, our teachers interacted with fellow educators, shared their experiences and contributed to professional learning sessions. Their role extended beyond teaching students—they became facilitators of

learning for other teachers as well.

These engagements provided valuable opportunities to exchange **ideas, teaching practices, experiences and innovative approaches** to classroom learning.

KNOWLEDGE THAT TRAVELS

Representing SDMT Prabhavati Public School at other institutions was more than a professional responsibility. It was an opportunity to carry the school's values and educational vision beyond its own campus.

Through their interactions with educators from other schools, our teachers contributed to a culture of **collaboration, professional development and shared learning**.

A MOMENT OF PRIDE

The recognition of our teachers as Resource Persons reflects the school's emphasis on **teacher empowerment and continuous professional development**.

Their contribution demonstrates that a teacher's influence is not limited to the students in their classroom.

When educators share their knowledge, experience and insights, they help strengthen the larger educational community.

“The best teachers do not simply impart knowledge; they inspire others to share it.”

SHARING KNOWLEDGE. BUILDING CAPACITY. INSPIRING CHANGE.

The school proudly acknowledges the efforts of its teachers who continue to learn, lead and contribute—both **within the school and beyond its campus.**
